PROFESSIONAL SUMMARY

Computer Science student with a strong interest in software and web development. I have hands-on experience working with HTML, CSS, JavaScript, PHP, Laravel, and MongoDB to build responsive and user-friendly applications. I enjoy learning new technologies and continuously improving my technical skills. I am eager to start my professional career, contribute to meaningful projects, and continue growing as a developer.

SKILLS

- **Languages:** JavaScript, Java
- **Frontend:** HTML, CSS, React.js, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Laravel
- **Databases:** MySQL, MongoDB
- **Tools & Technologies:** Git, GitHub, VS Code, Figma, AJAX

INTERNSHIPS

- **Udupi Web Solutions** Intern Web Development
Dec 2025 *June 2026*
 - Gained hands-on experience in frontend and backend web development using HTML, CSS, JavaScript, Bootstrap, Laravel, AJAX, and MySQL.
 - Designed and developed responsive and user-friendly web interfaces following modern UI/UX principles.
 - Developed an independent project “Astrobharti Astrology Website”, submission, tracking, and admin management.
 - Strengthened skills in database integration, problem-solving, debugging, and code optimization through practical assignments and projects.
- **Zephyr Technologies & Solutions Private Limited** Intern Web Development
May 2025 *June 2025*
 - Learned and applied MongoDB, Express.js, React.js, and Node.js in full-stack development.
 - Worked with REST APIs and frontend-backend integration.
 - Developed a Contact Book application with CRUD functionality using the MERN stack.
 - Designed a clean and user-friendly interface to make the application simple and easy to use.

PROJECTS

- **E-Commerce & Content Management System** 2026
Laravel, PHP, MySQL, Bootstrap
 - Built a Laravel-based admin panel to manage products, orders, users, reviews, wishlists, and blog content from a single dashboard.
 - Added secure login, CRUD features, and status updates to make daily management easier.
 - Worked on database setup and media handling to keep the system organized and easy to use.
- **AI Chatbot - Laravel AI Conversation Platform** 2026
HTML, CSS, JavaScript, Bootstrap, Laravel, MySQL, Gemini API
 - Built a web-based AI chatbot platform for conversation management and real-time AI responses.
 - Created a responsive Bootstrap interface for smooth use on both desktop and mobile.
 - Developed Laravel and MySQL backend features for authentication, chat history, and message storage.

EDUCATION

- **Srinivas University** Dakshina Kannada, Karnataka, India
Bachelor of Technology - Computer Science; CGPA: 8.23 2022 – 2026
- **S.M.S Pre-University College** Brahmavara, Karnataka, India
Science - PCMB 2020 – 2022
- **S.M.S English Medium School** Brahmavara, Karnataka, India
Board - CBSE 2010 – 2020

CERTIFICATES & VIRTUAL INTERNSHIPS

- AWS Academy Graduate - AWS Academy Cloud Foundations
- HP Life– Data Science and Analytics
- SQL and Relational Database 101 by IBM Developer Skills Network
- TechnoHacks Java Developments
- CodeSoft App Developments
